My Own Sweetheart:

I only have 40 min. to write my sunday letter so i am just wondering if i should try to do it in that length of time or should i get the mail,go to dinner and return to the Bank after dinner,but i am going to try now,as we dont have dinner on sunday until 2.30 and if i returned i be spending the entire day here,and i am thinking i want a good long walk after dinner,then a little nap.

I didnt get up this morning until almost 9.00 Oclock,but it kept me busy until late last night taking that second degree in the lodge.

Dear i have it all figured out i can come to K.C.two weeks from today,and get there about 7.00 P.M.as Alex said he could come down that afternoon and stay for meand i can be there all day Sunday.You can leave Marshall at 5.00 P.M.and get there a little later,and return Sunday night,Now wont that be good connections for both of us and we can just have a splendid visit,i know Dear i never wanted to see my girl as badly as this time,so you are coming arent you ,Of course if it is inconvenient that Sunday

i could arrange to come some other time, but i just must see my girl and i believe you want to see me, so heres hoping you will come then.

The boys were only down once last week, and i dont believe they will have to come at all this week.

Estelle the people dont have Sunday school here in the winter months, so there is absolutely no place to go, and church only once a month, and that Sunday hasent been yet since i have been here.

Dear are you very lonesome since Nullie has gone home? Just wait until you are with your boy all time and i dont believe you will be lonely, and girl i just think every day how i am going to enjoy your sweet companionship.

Yesterday was my biggest day since i have been here, and so much of the business came real late in the evening, i didnt get my books balanced, and had to work this morning, The train is herre so i must get the mail while the office is open just hope i get a letter from YOU. With all my love, Albert.
